

Capital Improvement Funding Partnership

Funding Award Presentation

Thursday, November 30, 2017
4:00 – 6:00 PM
The Columbus Foundation
1234 East Broad Street
Columbus, OH 43205

In 2014, the Osteopathic Heritage Foundation and The Columbus Foundation joined resources and program interests to launch the Capital Improvement Funding Partnership. Recognizing the value of collaboration and the need for capital investments among nonprofits, the foundations committed to a four-year funding partnership to support capital campaigns and projects designed to better serve vulnerable populations in Franklin County.

Over the four year period, \$8,180,877 was approved in support of sixty-four (64) central Ohio nonprofit organizations, working to address significant community issues including behavioral health, early childhood education, hunger and homelessness. Investments in these agencies included support for equipment, facility expansion and renovation, technology upgrades and vehicle acquisition – all designed to help enhance an organization’s impact by reducing operating costs, increasing revenue, developing process efficiencies, and ultimately, increasing access to and the quality of available services for low-income, vulnerable populations.

Demonstrating the value of philanthropic collaboration for achieving greater community impact, initial results of the funding partnership include:

- Expanded access to vital human services, ranging from improved food access at area pantries to increased enrollment in early childhood education programs.
- Introduction of new services, including a community-based substance abuse treatment center, a nonprofit grocery store, an integrated health clinic and summer programs for children.
- Over 100,000 new clients being served by agencies following project implementation.
- Anticipated organizational savings by agencies of \$1.6 million following capital improvements.

The foundations are proud to recognize and celebrate the organizations receiving capital support through the funding partnership. We thank you for attending today and for sharing our collective commitment and passion for improving the quality of life for everyone in our community.

PROGRAM

Welcome
